Thank You Gift Options

Choose the style that suits your day

Bon Bo Vendi, the original thank you gift vending machine, is available in two finishes to suit any style of occasion:

warm wood grain

light grey

Our machines need no power and can be placed anywhere in your chosen venue. This gives you the flexibility to share your thank you gifts during cocktails in the garden or as part of your reception indoors.

Your celebrations should be as unique as you are. And your wedding favours should reflect your own distinctive style.

At Bon Bo Vendi, we work with you to create your perfect, personalised thank you to your guests. We will help you select memorable keepsakes that suit your taste and that your loved ones will cherish.

From the classically distinguished to the deliciously kooky, Bon Bo Vendi puts the fun back into gift giving, dispensing beautiful custom-wrapped gifts especially designed for your celebrations.

So forget the 'one size fits all' table-placed bonbonniere and spice up your celebrations with Bon Bo Vendi.

For a memorable thank you gift experience that gets your guests mingling, laughing and loving every minute of your wedding day.

Add some sass to your wedding celebrations with Bon Bo Vendi, the original thank you gift vending machine with favours to suit all tastes and ages.

Follow us on

Here's how it works:

- Three months before your wedding we finalise your gift options together with you.
- The wedding favours you selected are custom-wrapped in elegant gift boxes and beautifully displayed in the vending machine.
- At your reception, each guest receives a coin token to choose their individual thank you gift from you.
- Your guests insert their token and pick their gift from the options pictured on the machine.

Coin Tokens

Coin tokens can be provided in individual table displays for each guest and placed on the tables at your reception.

Alternatively your tokens can be supplied in individual bags and handed to each guest, as they arrive or during cocktails.
